Requirements for Landscaping:

The Landowner is required to:

- Remove all rubbish from site and ensure lot survey pegs are visible and in the correct location
- Level area being landscaped to 30mm to 40mm below kerb/paving level
- Ensure the Building has provided a 90mm PVC stormwater conduit under the driveway
- Provide a copy of the Building Site Plan to the Landscapers

If paving already exists directly under the meter box, a 20mm conduit pipe (with draw wire/ string) must be installed, running to the closest garden bed or turf area, and is clearly marked and visible. The Landowner acknowledges that the terms of this package require the home to be completed within eighteen (18) months from the Settlement Date

The Seller's Landscaping contractor shall make all efforts to commence work within 45 days of receipt of valid notification by the Buyer of completion of the dwelling and confirmation of the Landowner/s requirement for landscaping.
